ABOUT US

Our research study will be published and contain the results of the research work as well as recommendations and proposals for improvement of the various legal frameworks, practices and policies as well as for codes of conduct of enterprises.

CONCEPT

CMS! is an academic start-up aimed at contributing to the reduction of plastic waste in the Mediterranean Sea. We analyse national and international legal frameworks, work closely with renowned NGOs and institutions from all over Europe and give hands-on advice to reduce plastic in our everyday life.

Talented and driven people from different academic backgrounds build our team, with one common goal – a cleaner Mediterranean Sea!

OUR SEA OUR HERITAGE
